

ECCM RESEARCH PROGRAM DAY 2021

CONSORTIA

The following national research programs (which are in full or partly funded by NWO and/or publicly funded) are invited to pitch their research:

- NWO ECCM programs
 - Tenure track program
 - NWA Energy storage
- NWO Solar-2-Products
- E2CB: electrons to chemical bonds
- RELEASE program (<https://nwo-release.nl>)
- TOELS: Towards large-scale electro-conversion systems
- ARC CBBC (<https://arc-cbbc.nl>)
- TNO/ECN
 - VoltaChem (<https://www.voltachem.com>)
 - FLIE (<https://www.fieldlabindustrielleelektrificatie.nl>)
 - Brightsite (<https://brightsitecenter.com>)
- ISPT: HydroHub Innovation Program (<https://ispt.eu>)
- Wetsus: Sustainable Carbon Cycle (<https://www.wetsus.nl>)
- HyScaling (<https://www.kiemt.nl/nieuws/sleutelrol-met-hyscaling-programma>)
- Groenvermogen (<https://www.topsectorenergie.nl/groenvermogen.nl>)

BRAIN STORM TEAM

- Anja Bieberle: group leader "electromechanical materials and interfaces" at DIFFER
- Bernard Dam: RELEASE/TOELS/PERSPECTIEF
- Richard van de Sanden: EIRES/ DIFFER, chair ECCM
- Earl Goetheer: TNO
- Ronald Wolf: Shell
- Guido Mul: UTwente

PRELIMINARY PROGRAM OUTLINE

09:30 – 10:00	Arrivals & coffee/tea
10:00 – 12:30	Opening by prof. dr. Richard van de Sanden (ECCM chair) Elevator pitches by PI's of ECCM research programs Inspiring talk by dr. Ronald Wolf (Shell) Inspiring talk by dr. Pérez-Fortes (TUD) Inspiring talk by dr. Mom (Leiden) Inspiring talk by dr. Katsoukis (UTwente)
12:30 – 13:30	Networking lunch
13:00 – 14:30	Poster session 1
14:30 – 14:45	Short coffee break
14:45 – 15:30	Inspiring talk by dr. Groszewicz (TUD) Inspiring talk by Amanda Garcia (UvA) Inspiring talk by dr. Altomare (UTwente)
15:30 – 17:00	Poster session 2
17:00	End of the day & Drinks
18:00	Optional dinner for program leaders (on request)
